

We Expect this to be
a Very Challenging
Legislative Session!

AUTISM AWARENESS RALLY

Sponsored by the Autism Society of Washington

Wednesday, Jan 20, '10
11:30 a.m.

Capitol Rotunda

Autism is the fastest growing disability in children in the world. New statistics are in and it is now known that **1 in 91** will be diagnosed with autism. Early diagnosis and treatment is the best hope for those affected by autism. However, particularly in Washington State, professionals who provide diagnosis have waiting lists months long, and once diagnosed, services and intervention support are hard to find. **Come to the Awareness Rally in Olympia... Bring your children affected by autism or Asperger and share your story with your Legislator.....**

To find out more information about the Autism Rally in Olympia, call Patty Gee, ASW Executive Director, at 888-ASW 4 YOU, or email info@autismsocietyofwa.org www.autismsocietyofwa.org
